LAB OVERVIEW

For

One HR Quarter, Eleven Labs

Course Code: C197

Conducted by

Tertiary Infotech Academy Pte Ltd

UEN: 201200696W

Version 3.0

How the labs fit together

Every lab is one step in a single HR quarter at Lumina Living. The finding in Lab 2 — that the warehouse team is losing people fastest — drives the hiring plan, the policy change, the cost analysis and the leadership update that follow.

Each lab folder is still self-contained. Every file a lab needs is already inside it, so you can run any lab on its own, or join the course late, without being stuck.

Which app each lab uses

Excel — Labs 1, 2, 7, 9 and 11. Word — Labs 3, 4, 5, 6 and 10. PowerPoint — Lab 8. Outlook is never opened: the staff messages in Lab 9 are supplied in a workbook so the lab runs on any computer.
