

Annual Leave Policy

FICTIONAL COMPANY TRAINING MATERIAL · approved wording

What the policy says

Permanent staff receive 14 days of paid annual leave each year, rising to 18 days after three years of continuous service. Leave is granted in the calendar year in which it is earned.

How it works day to day

Staff apply through their manager at least five working days in advance. Managers confirm cover before approving. Retail and warehouse teams may not take leave during the December peak without the department head's agreement (see 'Peak periods').

Needs legal review

Carry-over of unused leave into the following year has been permitted in practice but is not written down. Statutory minimum entitlements are not restated here and must be confirmed with a qualified adviser before publication.

Still to confirm

Maximum carry-over days; whether carry-over needs approval; treatment of unused leave on resignation.
